

## Opportunities to Volunteer

Volunteers are an essential aspect of all that 70x7 Life Recovery does and accomplishes from providing daily office support to being members of work committee. They help with special projects, such as assisting with registration at the Beyond the Wall conference and passing out Frisbees at Recovery Fest.

Female volunteers befriend and work alongside women community services workers as they prepare and serve Tuesday meals.

Male Volunteers provide men on probation and parole with friendship, advice and basic support through both group and one-on-one mentoring.

*I joined the 70x7 group because I felt it was time to begin giving back...the kids that I meet with weekly are not any different than I was at their age (except) I was blessed with a family structure that allowed me to avoid some of the things that have put these kids in their current situations. I now understand that once in these circumstances, change is difficult. I frankly don't know if I am yet doing any good in anyone's life, but the awareness of the struggles of this group has made a difference in my life.*

If you would like to find out more about volunteer opportunities contact a 70x7 Life Recovery staff member or download and complete the volunteer/mentor application form and either e-mail, mail, or fax it to the 70 x7office, or drop it off.
